Re: GSK9 Training

To whom it may concern:

Having a 2 ½ year old daughter in our family, my wife and I were concerned about the level of control we would have with a cane corso. At the same time, we still wanted our cane corso to be a “puppy” and a member of our family. Mike Caporicci’s training has been outstanding, as we have had complete control while still allowing the dog’s personality to shine and be an active part of our family.

I wholeheartedly recommend using Mike Caporicci. He is a straight shooter, and his training sessions, while serious, are fun. If you follow his instructions, you will have an incredible experience for the life your dog. I will never have another dog other than a cane corso trained by Mike Caporicci.

Sincerely,
